**SMART WALLPAPER**  
ONE ROLL. ONE DESIGN. ZERO WASTAGE.

## SMART WALLPAPERS

### Modern Bytes

#### One Roll, One Design, Zero Wastage

Smart Wallpaper is a newest concept launched by the Excel Wallpapers.

It's a hybrid futuristic wallpaper concept where in Wallpaper meets Wall Murals.

Conceptualised, Design and produced in India by Excel.

#### **Design Concept:**

Normally in a traditional wallpaper rolls, the design repeat is smaller and we see same motifs getting repeated in a smaller regular intervals - we have broken this barrier by the concept of Smart Wallpapers --- Here the motif size is larger which does not give a repetitive effect so a wide range of design concept can be experimented on walls.

#### **Roll Size:**

This wallpaper comes in roll size of 20" X 360" = 50 sft --- Consisting of design matched three panels of 20" X 120" each, in one single roll. So ZERO wastage in design match.

#### **Continuous Pattern:**

Unlike Wall Murals and very much Like Wallpapers you can extend the design on larger width walls and match the design continuously in multiple of rolls.

#### **No Customisation:**

Get rid of the hassle of customisation with ready to install rolls and prematched design with finish edge. Just select the design and order the number of rolls required.

**So treat yourself with the luxury of Wall Mural packed with the convenience of Wallpaper.**

# Modern Bytes

Introducing Smart Wallpaper solution which focuses on the balance of Care & Creativity. This wallpaper collection comes with ZERO wastage of paper while installing it and printed with water-based ink to ensure no harmful chemicals are used in it.

This unique collection comes with modern color palletes, beautiful motifs, designed in a format for breath-taking wall presentations of the highest quality to create your own, novel interior world. The motifs are scaled in a way that it gives a unique feel every time you see them.
